This is a comprehensive directory and bibliographic guide to Russian archives and manuscript repositories in the capital cities of Moscow and St. Petersburg. It is an essential resource for any researcher interested in Russian sources for topics in diplomatic, military, and church history; art; dance; film; literature; science; ethnology; and geography. The first part lists general bibliographies of relevant reference literature, directories, bibliographic works, and specialized subject-related sources. In the following sections of the directory, archival listings are grouped in institutional categories. Coverage includes federal, ministerial, agency, presidential, local, university, Academy of Sciences, organizational, library, and museum holdings. Individual entries include the name of the repository (in Russian and English), basic information on location, staffing, institutional history, holdings, access, and finding aids.

More comprehensive and up-to-date than the 1997 Russian Version, this edition includes Web-site information, dozens of additional repositories, several hundred more bibliographical entries, coverage of reorganization issues, four indexes, and a glossary.
