## **Hitler's Enabler: Neville Chamberlain and the Origins of the Second World War: Neville Chamberlain and the Origins of the Second World War** John Ruggiero

Based largely on Neville Chamberlain's own words and official government documents, this book describes how were it not for Chamberlain's powerful, dominating presence in the British government, World War II might have been avoided.

- Describes how Prime Minister Neville Chamberlain's policy of appeasement with Germany brought England unprepared to the brink of conflict—a historic lesson that has value and relevance today for those studying relationships in the Middle East
- Addresses why Chamberlain took chances with British national security, how he sabotaged talks with the Russians, and how he misled his colleagues down the path of appeasement
- Draws information from primary sources such as Chamberlain's diary, his faithful exchange of weekly letters with his sisters, and the weekly Cabinet minutes to provide a more complete understanding of events
