The drivers deliver the thrills, the car manufacturers provide the high-performance machines, and the sponsors supply the financial resources to make it all happen. But it is the work of the pit crew that can make the difference in the outcome of the race. And as readers of this eye-opening new book will learn, a great pit crew can easily be considered a racing team's most valuable asset. The Pit Crew goes behind the scenes to capture the dedication of these often-unsung heroes of auto racing, who not only maintain and repair the race cars, but also seem to have any part required to get the car back into the race in record time.
