J. C. C. Mays

**Coleridge's Experimental Poetics (Nineteenth Century Major Lives and Letters)** J. C. C. Mays

Coleridge has been perceived as the youthful author of a few brilliant poems. *Coleridge's Experimental Poetics* argues that his poetry is actually a continuous process of experimentation and provides a new perspective on both familiar and unfamiliar poems, as well as the relation between Coleridge's poetry and philosophical thinking. Taking into account the 300 new poems published in 2001, this is the first complete poetic analysis of Coleridge's work.
