**Historia de la filosofía II: Edad Moderna. Edad Contemporánea (Spanish Edition)** Johannes Hirschberger

La presente obra es ya un clásico de la historiografía filosófica. Publicada en castellano por primera vez en 1954, ha contribuido a la formación en filosofía de varias generaciones tanto en España como en América Latina. Johannes Hirschberger aspira a fundir la actividad historiográfica con la pensante, ya que su intención es ofrecer un texto suficientemente amplio y condensado a la vez, que logre resumir con viveza las principales corrientes de las distintas épocas y el pensamiento de los autores.

Con esta nueva edición, revisada a fondo y ampliada hasta nuestros días, sobre todo en lo referente a la bibliografía, la filosofía española y las últimas corrientes de pensamiento, Herder Editorial quiere rendir homenaje a uno de sus grandes autores y orientar la mirada de los amantes de la filosofía hacia un espejo donde se reflejan las caras e inquietudes de nuestra época. Este tomo segundo abarca el periodo que va de Descartes al ideal-realismo.
