WARNING: This eBook contains mature language and content intended for 18+ readers only!

Aileen Miroki is a woman who graduated recently from one of the country's most prestigious astrophysics program. Having always gone above and beyond, Aileen is invited to test pilot a machine that takes her onto another planet.

Upon returning home to Ohio, she learns terrible news about her father's death, which leads to her inheritance of the Tower Cadet, a powerful spacecraft that can save mankind. Aileen is partnered with two aliens who are the first two creatures she ever met from outer Earth. They are completely sentient—but each a different species. The two aliens, Raegnor and Bearyan, quickly become more than comrades on her ship. The three travel across the galaxy and land on the desert planet Woes Èan to find two alien life forms running for their lives. If the team can locate a biological nanodevide, they can prevent a future catastrophe from happening on Earth. Torn between Bearyan and Raegnor, Aileen can only hope they will escape Woes Èan alive.
