## **Alekhine: Move by Move** Steve Giddins

Alexander Alekhine was a two-time World Chess Champion and is widely regarded to be one of the greatest chess players of all time. During his best years he dominated tournaments, and in 1927 he defeated his great rival José Raúl Capablanca to win the world title. Alekhine was renowned both for his fierce competitive nature and his dazzling combinative play. He had a phenomenal ability to unleash combinations even from seemingly harmless positions, and he is undeniably one of the best attackers the game has ever seen. In this book, FIDE Master Steve Giddins invites you to join him in a study of his favorite Alekhine games, and shows us how we can all learn and improve our chess by examining Alekhine's masterpieces.

*Move by Move* provides an ideal platform to study chess. By continually challenging the reader to answer probing questions throughout the book, the *Move by Move* format greatly encourages the learning and practicing of vital skills just as much as the traditional assimilation of knowledge. Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn. This is an excellent way to improve your chess skills and knowledge.

\*Learn from the games of a chess legend

\*Important ideas absorbed by continued practice

\*Utilizes an ideal approach to chess study
