Briefly: Descartes' Meditation on First Philosophy (SCM Briefly) David Mills Daniel

The SCM Briefly series is a series of summarized texts that are commonly used on theology and philosophy A level and Level One undergraduate courses in the UK. As students are less likely today to come to these subjects with language experience, the Briefly series, summarising the meaning of the original texts, is a painless and quick way to get to grips with what the philosophers were writing about. The language throughout is modern and approachable, but the books manage to avoid “dumbing down” by including line by line analysis and short quotes to give students a feel for the original. In addition, each book begins with an introduction, providing a context for the writer and his writings, a short summary as well as the detailed summary and each book also contains a glossary of terms.
