Ten Ways to Destroy the Imagination of Your Child Anthony Esolen

“Esolen signals with this book his presence in the top rank of authors of cultural criticism.”

—*American Spectator*

Play dates, soccer practice, day care, political correctness, drudgery without facts, television, video games, constant supervision, endless distractions: these and other insidious trends in child rearing and education are now the hallmarks of childhood. As author Anthony Esolen demonstrates in this elegantly written, often wickedly funny book, almost everything we are doing to children now constricts their imaginations.

Ten Ways to Destroy the Imagination of Your Child takes square aim at these accelerating trends. This practical, insightful book is essential reading for any parent who cares about the paltry thing that childhood has become, and who wants to give a child something beyond the dull drone of today’s culture.
