I am telling you...

Mark Shapiro

I am telling you... Mark Shapiro

The book is reminiscence of a family's life wrapped in a complicated political and social fabric of the Soviet Union. It provides harsh facts of realities: pre-Soviet time of the Jews under tsars; mass starvation and death of millions in the Soviet period when "the grain growers were dying for a piece of bread." The author is telling you about the purge and death of tens of millions innocent people, including his father; his family run from Nazis during the World War II; disheartening treatment of the disabled at war by the victorious Soviet government, and more... The book creates a vivid picture and captures all aspects of the survival, which affect and formulate the characters and minds of people living there.

Throughout the book, there is a very human and touching description of family love and support.
