## Flashback J Michael Hunter

Laura McClain has screamed herself awake again. Her old nightmare is back. And now the timid kindergarten teacher is convinced that someone is following her—watching her every move. It could just be coincidence that she and the chillingly memorable man seem to show up at all the same places. Perhaps her paranoia is just a result of her deep fear of change. After all, so much has changed in her life recently. To make matters worse, Laura is now supposed to travel halfway across the country to take possession of a family estate she has inherited. As unnerved as she is with her “stalker” in St. Louis, the plantation in Virginia seems even more frightening to Laura. And what is a Mormon girl going to do with miles of tobacco crop? But then again, maybe the family estate holds the secret to why Laura’s parents would never talk about their past. In hopes of finding clues to this mystery, Laura packs her bags and catches a bus to Bufordville, a tiny town with more than its fair share of rumors, suspicions, and deadly secrets. Then panic sets in as Laura finds her returning nightmare is, in fact, a twenty-year-old reality—a reality that could very well repeat itself. In *Flashback*, J. Michael Hunter weaves well-drawn characters into a finely tuned mystery that will make you a compulsive reader to the last gratifying page.
