Practical advice and easy-to-follow guidelines for part-time stock traders

Millions of people trade stocks in their spare time, supplementing their nine-to-five income with extra profits on the market. And while there are plenty of books on the market that cater to the needs of full-time traders, there are precious few that focus on the trading strategies that are best suited for part-time traders who must balance the demands of other responsibilities while successfully navigating a changing and dynamic stock market.

This handy guide equips part-time traders with all the necessary tools for successful trading—including guidance on pre-market/pre-work studies and how to make profitable trades without interfering with one's day job. *The Part-Time Trader* focuses entirely on those trading strategies best suited for part-timers, making trading both simpler and more profitable.

- One of the few books on trading intended and designed specifically for part-time traders with other jobs or responsibilities
- Includes online access to the author's proprietary trading system that offers easy-to-follow guidelines for traders who can't spend all day watching the markets
- Written by the co-founder of SharePlanner Inc., a popular financial website devoted to day-trading, swing-trading (both long and short), and exchange-traded funds

For part-time traders who can't dedicate all their time to watching the markets and reading charts, *The Part-Time Trader* offers straightforward, profitable trading advice.
