Cold Objective (StonyMan Book 73) Don Pendleton

STONY MAN

The most sophisticated covert agency in the world, Stony Man stands on the front lines of America's defense. Cybernetics wizards are the brains behind the muscle of the elite in-field commando forces of Able Team and Phoenix Force. Now, Stony Man stares down a blood horizon, racing to head off the mother of all catastrophic incidents, the destruction of the Alaskan oil pipeline.

BLINDING FIRE

A Seattle-based oil tycoon has put his wealth and twisted vision to work in a quest to control the world's oil reserves. He's got what it takes to pull it off: the Russian mafiya on his payroll, and Middle East sympathizers willing to die to see America burn. And if that's not enough, he's got the nukes and bioweapons to bring the world to its knees. Stony Man unleashes an all-out assault, knowing that a few good men are all it takes to stand up, be counted and face down evil. Or die trying.
