Excerpt from The Border or Riding Clan: Followed by a History of the Clan Dickson and a Brief Account of the Family of the Author

By the word "clans" is generally if not almost universally understood those of the Scottish Highlands, few being aware how important a part our clans played during the Middle Ages, and I trust, therefore, this little treatise concerning the Border, Riding or Foraying clans, Dalesmen, Marchmen or Borderers, as they were variously styled, may not prove uninteresting, as they have too long been viewed through nineteenth century spectacles, and have, moreover, been generally confounded with the Batablers or Baitablers, as the English called them, or freebooters of the Debateable Lands, whose hands were against every man and every mans hands were against them. These frontier rieviers, who in Scottish legal documents were generally called bordour men or broken men, acquired also about the time of James the First (1406-1437) the name of Mosstroopers, from their living in the mosses of the country.
