Welsh History: Strange but True Geoff Brookes

This book contains hundreds of 'strange but true' facts and anecdotes about Welsh history. Arranged into a miniature history of Wales, and with bizarre and hilarious true tales for every era, it will interest and delight readers everywhere. The earliest prehistoric burial in Europe was found in Wales. The skeleton was known as the 'Red Lady of Paviland' - well, until scientists discovered that it had, in fact, belonged to a man. 'Rhodri the Great', Wales' first king, was killed by a Saxon army. The second King of Wales was killed by his own men. English armies usually contained Welsh bowmen. A Welsh-fired arrow could - and did - go all the way through armour, leg, saddle and horse. Welsh bowmen often used English longbows against them, firing them at point-blank range during ambushes.
