Spiritual Dimensions of Nursing Practice (Templeton Science & Religion)

Spiritual Dimensions of Nursing Practice (Templeton Science & Religion)

Ever since the first edition of Verna Benner Carson's *Spiritual Dimensions of Nursing Practice* went out of print, second-hand copies have been highly sought after by practitioners in the field and nursing school faculty who appreciated the comprehensive scope of the seminal work on spirituality and health. In this highly anticipated revised edition, Carson and her co-editor, Harold G. Koenig, have thoroughly revised and updated this classic in the field.

The revised edition builds on the foundations laid in the first, providing perspectives on new research in the spiritual dimensions of nursing care, applying nursing theory to spiritual care, and addressing the spiritual needs of both nurses and patients. It also examines ethical issues in nursing and the impact of legal decisions on health care issues. Contributors address issues of spiritual development across the entire lifespan—from the spiritual needs and influences of the very young to the elderly, including those facing chronic illnesses or death. The volume takes a similarly broad approach in addressing spiritual issues from a variety of faith backgrounds—including both theistic and pantheistic religious practices, so that nurses can be prepared to meet the needs of patients from various religious traditions.

Second to chaplains, nurses are the major providers of spiritual care, and no other book will serve their needs like *Spiritual Dimensions of Nursing Practice*.

From reader reviews:

James Vera:

Your reading sixth sense will not betray anyone, why because this Spiritual Dimensions of Nursing Practice (Templeton Science & Religion) reserve written by well-known writer we are excited for well how to make book that may be understand by anyone who else read the book. Written in good manner for you, dripping every ideas and publishing skill only for eliminate your current hunger then you still question Spiritual Dimensions of Nursing Practice (Templeton Science & Religion) as good book not just by the cover but also from the content. This is one e-book that can break don't ascertain book by its deal with, so do you still needing a different sixth sense to pick this particular!?! Oh come on your looking at sixth sense already told you so why you have to listening to another sixth sense.

Eli Gaddy:

This Spiritual Dimensions of Nursing Practice (Templeton Science & Religion) is great book for you because the content which can be full of information for you who else always deal with world and possess to make decision every minute. That book reveal it information accurately using great arrange word or we can declare no rambling sentences inside it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but challenging core information with beautiful delivering sentences. Having Spiritual Dimensions of Nursing Practice (Templeton Science & Religion) in your hand like obtaining the world in your arm, data in it is not ridiculous a single. We can say that no book that offer you world in ten or fifteen minute right but this book already do that. So , this is certainly good reading book. Hey Mr. and Mrs. occupied do you still doubt in which?

James Hanson:

Is it you who having spare time after that spend it whole day by means of watching television programs or just lying on the bed? Do you need something new? This Spiritual Dimensions of Nursing Practice (Templeton Science & Religion) can be the respond to, oh how comes? It's a book you know. You are thus out of date, spending your extra time by reading in this completely new era is common not a geek activity. So what these guides have than the others?

Michael Slay:

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's soul or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Spiritual Dimensions of Nursing Practice (Templeton Science &

Religion) can make you feel more interested to read.
