European Multiculturalism Revisited

European Multiculturalism Revisited

European Multiculturalism Revisited analyses the alleged crises of the main 'models' of multicultural societies experienced by Europe since the end of World War II, based on research conducted by local scholars in the UK, Denmark, the Netherlands, Italy, France and Germany. Each chapter provides an historical account of how the model developed and was implemented in the country in question, followed by an in-depth analysis of the factors that have led to the claim that the model has failed. The questions being, Did it actually fail? And if it failed was it because of some intrinsic weaknesses or external circumstances?

This volume is a groundbreaking contribution to a topic of vital contemporary importance.
