Marc R. Forster

Catholic Germany from the Reformation to the Enlightenment (European History in Perspective)

Marc R. Forster

This is the first book length study in English of the development of Catholic identity and a specific German Catholic culture in the 300 years after the Protestant Reformation. Focusing on religious and cultural history, Forster highlights the importance of Catholicism in the German-speaking lands and seeks to integrate the study of Catholic Germany into our understanding of the origins of both modern Germany and modern European Catholicism.
