Crear en la vanguardia (Spanish Edition) José Antonio Marina

La creatividad no sólo es una de las facultades humanas por excelencia, es sobre todo la que consigue articular la vida como algo estimulante, la que nos desvela toda su escondida riqueza. Desde 2007, José Antonio Marina ha ido desgranando en el suplemento *ES* de *La Vanguardia* todas sus facetas, desde las más humildes, como la horticultura o la conversación, hasta las más elevadas, las que dan lugar a lo que el autor denomina "cultura cinco estrellas": música, danza, literatura...

Marina ha construido todo un sistema filosófico que ordena el mundo y enseña a moverse provechosamente por él, que excava en las obras de los grandes escritores y pensadores pero que no olvida las creaciones colectivas que internet ha impulsado de un modo nuevo en los últimos años.

Por eso este libro es más que una compilación de artículos. Se presenta al lector como un ordenado cuerpo de pensamiento según seis grandes ejes (creación, posibilidad, proyectos, excelencia, inteligencia compartida y cultura), que le dará pautas para labrarse un yo mejor. Todo ello en el marco de un humanismo de nuevo cuño que solo un autor de la talla de Marina podía esbozar en perfecta sintonía con nuestro tiempo.
