Conceiving the Christian College Duane Litfin

This book is designed to help those who are interested in Christian higher education explore anew the unique features, opportunities, and contemporary challenges of one distinct type of educational institution -- the Christian college.

What distinguishes *Conceiving the Christian College* from the many other books on this subject is its incisive discussion of a set of crucial ideas widely misunderstood in the world of Christian higher education. Now serving in his eleventh year as president of one of the nation's foremost Christian colleges, Duane Litfin is well placed to ask pressing questions regarding faith-based education. What is unique about Christian colleges? What is required to sustain them? How do they maintain their bearing in the tumultuous intellectual seas of the twenty-first century? Litfin's themes are large, but they are meant to refocus the conceptual challenges to Christian education in ways that will strengthen both the academic environment of today's Christian colleges and their impact on culture at large.
