Mike Thomas has a problem. His oldest son has dropped out of high school, stormed out of the house, and left the family in tatters. In response, his heartsick wife has become withdrawn and emotionally lost. Then, at the university where Mike works, someone begins leaving yellow notes on his desk. To his surprise, the notes direct him on a journey through the Book of Mormon and particularly the story of the children of Ammon. They lead him toward some surprising answers about how to heal his life and reclaim his family. And through it all he is left to wonder: who is leaving the notes and why? And what is it they want him to do? Told in parable format, this book offers practical advice about improving relationships while providing fresh insights about crucial gospel doctrines.
