Foreign Accent: The Ontogeny and Phylogeny of Second Language Phonology (Second Language Acquisition Research Series) Roy C. Major

Even though second-language learners may master the grammar and vocabulary of the new languages, they almost never achieve a native phonology (accent). Scholars and professionals dealing with second-language learners would agree that this is one of the most persistent challenges they face.

Now, for the first time, Roy Major's *Foreign Accent* covers the exploding scholarship in this area and lays out the issues specifically for audiences in the second language acquisition and applied linguistics community.
