Guía para compilar estadísticas de balanza de pagos: (Spanish Edition)

International Monetary Fund

Guía para compilar estadísticas de balanza de pagos: (Spanish Edition) International Monetary Fund
A companion document to the fifth edition of the Balance of Payments Manual, the Balance of Payments Compilation Guide shows how the conceptual framework described in the Manual may be implemented in practice. The primary purpose of the Guide is to provide practical guidance for using sources and methods to compile statistics on the balance of payments and the international investment position. The Guide is designed to assist experienced and aspiring balance of payments compilers and statisticians in understanding the relative strengths and weaknesses of various approaches. The material reflects the emergence of new data sources and adaptations in the application of statistical methodologies to changing circumstances. Discussed in the Guide are all of the tasks that a BOP compiler normally performs. Appendices contain a set of model BOP questionnaires and a set of model BOP publication tables. Relationships between the balance of payments statistics and relevant aspects of national accounts are covered as well.

From reader reviews:

Maurice Neely:

Reading a guide tends to be new life style on this era globalization. With studying you can get a lot of information that may give you benefit in your life. Using book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A lot of author can inspire their very own reader with their story or perhaps their experience. Not only situation that share in the guides. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors nowadays always try to improve their skill in writing, they also doing some study before they write to the book. One of them is this Guía para compilar estadísticas de balanza de pagos: (Spanish Edition).

Robert Leggett:

People live in this new day of lifestyle always make an effort to and must have the spare time or they will get wide range of stress from both day to day life and work. So , once we ask do people have spare time, we will say absolutely yes. People is human not a robot. Then we request again, what kind of activity are there when the spare time coming to an individual of course your answer will probably unlimited right. Then ever try this one, reading publications. It can be your alternative with spending your spare time, the particular book you have read will be Guía para compilar estadísticas de balanza de pagos: (Spanish Edition).

Annie Fowler:

Playing with family in a park, coming to see the water world or hanging out with pals is thing that usually you will have done when you have spare time, subsequently why you don't try thing that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Guía para compilar estadísticas de balanza de pagos: (Spanish Edition), you could enjoy both. It is fine combination right, you still need to miss it? What kind of hang type is it? Oh occur its mind hangout fellas. What? Still don't obtain it, oh come on its referred to as reading friends.

Clifford McDaniel:

It is possible to spend your free time to learn this book this reserve. This Guía para compilar estadísticas de balanza de pagos: (Spanish Edition) is simple to create you can read it in the area, in the beach, train along with soon. If you did not include much space to bring the actual printed book, you can buy the e-book. It is make you better to read it. You can save typically the book in your smart phone. So there are a lot of benefits that you will get when one buys this book.
