Las guerras del uranio (DIVULGACIÓN) (Spanish Edition) Amir D. Aczel

En el siglo XX, el radio, un elemento que en apariencia no reviste características particulares, acabó convirtiéndose en un metal más buscado que el oro: al ser muy pesado, posee un núcleo inestable y radioactivo que al romperse libera una inmensa cantidad de energía, la clase de energía más controvertida que se ha descubierto hasta la fecha.

El autor nos ofrece en este libro el apasionante relato de la rivalidad entre los científicos que investigaban la energía nuclear algunas décadas antes de que estallara la Segunda Guerra Mundial, y cuyo desenlace cambió el curso de la historia. Marie Curie identificó por primera vez la radioactividad. Más tarde, el equipo de Otto Hahn y Lise Meitner descubrió la fisión. En 1939, el físico alemán Werner Heisenberg se hallaba al frente del proyecto alemán de bomba atómica. Y finalmente, en 1942 Enrico Fermi obtuvo la primera reacción nuclear en cadena de la historia.

Este libro nos proporciona los elementos necesarios para entender el proceso histórico del descubrimiento de la energía nuclear, a la vez que nos plantea cuestiones de indudable actualidad.

This kind of Las guerras del uranio (DIVULGACIÓN) (Spanish Edition) can give you a lot of buddies because by you checking out this one book you have thing that they don't and make a person more like an interesting person. That book can be one of a step for you to get success. This guide offer you information that probably your friend doesn't learn, by knowing more than additional make you to be great people. So , why hesitate? Let us have Las guerras del uranio (DIVULGACIÓN) (Spanish Edition).

Patrick Stokes:

As a college student exactly feel bored for you to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's heart or real their leisure activity. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Las guerras del uranio (DIVULGACIÓN) (Spanish Edition) can make you

really feel more interested to read.
