Dramatherapy with Families, Groups and Individuals: Waiting in the Wings (Art Therapies) Sue Jennings

This book - by one of the leaders in this exciting and relatively new field - is the first to present a working framework for dramatherapists, social workers, family and marital therapists, and others conducting groups. This framework primarily deals with dramatherapy in the non-clinical setting such as family centres, residential children's homes, social services resources and intermediate treatment centres. Separate chapters cover current theory, methodology and application in specific client areas including child abuse. The author addresses work with children and adults, both individually and in groups, illustrated by case history examples. A final chapter concentrates on the needs of the therapist and shows how dramatherapy can be used as a personal resource.
