The Life of Nephi: The Son of Lehi George Q. Cannon

Some years since the desire took possession of me to write the life of Nephi, the son of Lehi, and, as time and opportunity should permit, the lives of other prominent men of his race of whom we have an account in the Book of Mormon, so as to form a series of biographies for the perusal of the young. My aim was to make the children of our Church familiar with the events described in the Book of Mormon, and with some of the prominent men of that mighty people of which Nephi was one of the greatest progenitors. Various causes—the principal one of which has been the pressure of other and more exacting labors—have prevented me from carrying my design into execution until the present time. I have felt that, as I owed so much of my own success in life to the important and interesting lessons contained in that precious record, it was a duty incumbent upon me to do all in my power to have it read and appreciated as widely as possible by every member of our Church, but especially by the rising generation.
